Notice

Main club night Nantgaredig Rugby club

2024 Dates are published here but maybe subject to change if unforeseen circumstances arise

Updates of events can normally be found on West South Wales Sections **F B** page, or by word & mouth from section members.

If **any** event is cancelled for any reason by an organiser, it must be relisted on **HQ website at least a week before a re-run takes place as it replaces the old-style event permit for insurance purposes.**

(Les is the person to contact straight away for this so he can allow time for the new date to be added to the website)

It also may be good to check to see if an event is still taking place before leaving home especially if weather is looking poor & you may be travelling quite a distance to the start, give the event organiser a call or check F B page for update
